COMPLETE STORY

1.10. 2013, 17:00, ERA Svět
Jungmannovo náměstí 767, 110 00 Praha 1

Michal with his team has founded the Cognitive Security startup at the CTU. It was recently acquired by Cisco and turned to a research lab in Prague. This is an enormous success not only for the CVUT but for the whole Czech startup scene. We need many more of these – come and join us to learn how to repeat this success!
